

## Academic Year Five-Year Trend Report 2015-2020

This report represents end of term (99th day of fiscal year) data, it includes students with W grade.

Summary: Aggregated longitudinal numbers of unduplicated headcount, enrollment, FTSE and number of sections (CRNs) for all terms in a given academic year (AY). This report includes all PCC offerings, including credit, Center for Training and Development, continuing education and Adult Basic Education for College and Career.

Note that Adult Education data stored within PCC's systems are limited as a statewide database houses the majority of those data. Therefore, Adult Education is shown as a separate line item in the report and report filters will not apply to those data. Two unduplicated headcounts are provided, one with and one without Adult Education.

Headcount here is unduplicated, meaning a student is counted only once within each breakdown category.

Enrollment or seatcount, is a student count for which a student is counted as many times as he/she is enrolled in any section within each breakdown category. Thus, this is a duplicated headcount.

Annualized FTSE is the total number of student term credit hours divided by 30.

Minority Students refers to students who are Hispanic, Black, Non-Hispanic, Asian, American Indian/Alaskan Native, Native Hawaiian or Pacific Islander.

The report includes all students who were enrolled on the last day of class, as well as students who withdrew after add/drop date and received W grade.

## Headcount Summary by Term

This report provides headcount data for all terms and offerings at PCC. Note that Adult Education data stored within PCC's systems are limited as a statewide database houses the majority of those data. Therefore, Adult Education is shown as a separate line item in the report and report filters will not apply to those data. Two unduplicated headcounts are provided, one with and one without Adult Education.
