Overview

Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

- No changes for the 2025-26 data collection period.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	The FAFSA removed the housing question; we must now make this determination. PCC doesn't have housing; all students are off-campus. According to GEN-22-15, dependent students living at home with parents must have a reasonable standard allowance for living expenses. Our research shows that many students pay rent or other housing expenses even if they live with their parents. We used the average cost of rent for a studio and the cost of utilities in Tucson and applied it to all dependent students.			
Screen Entry	Food and housing for students living off-campus (with family) is expected to be substantially lower than food and housing for students living off campus not with family. Please correct your data or provide an appropriate explanation. (Error #11567)	Explanation	Yes

Please correct your data or explain. (Error #7332)	Explanation	Yes	

Reason	The indicator previously known as the Pell Estimated Family Contribution (EFC), now referred to as the Pell Student Aid Index (SAI) changed. The lowest EFC available was 0, but the lowest SAI is now -1500. More students fall into low-income category this year, so - more aid is disbursed to them.
