# Summary of Student Enrollment for Academic Year 2024-2025

This report summarizes enrollment of Academic Year 2024-2025 (AY 2025), in terms of:

(i) unduplicated head count, and (ii) annual unofficial full-time student equivalent count (FTSE) generated by enrollment in credit classes.

- (i) Annual unduplicated head count is the number of unique students served within the year. Thus, district-wide, a student is counted only once regardless of the number of campuses attended or courses enrolled. Within a campus, a student is counted once regardless of number of courses enrolled at that campus.
- (ii) One annual unofficial Full Time Student Equivalent (FTSE) unit is equivalent to 30 credit hours of enrollment in credit courses, or 640 clock hours spent in completion in select non-credit programs. That is, every 30 credit hours of credit course enrollment at the college adds 1 to the unofficial FTSE count. The Pima Community College Adult Education (PCCABECC or ABE) are calculated in clock hours but are not reflected in the unofficial FTSE count in this report.

## Table List:

### Headcount Tables

- 1a. Headcount Summary by Term
- 1b. Headcount Summary by Campus
- 1c. Headcount Summary by Gender
- 1d. Headcount Summary by Race/Ethnicity
- 1e. Headcount Summary by Instructional Method

### Unofficial FTSE Tables

- 2a. Unofficial FTSE Summary by Term
- 2b. Unofficial FTSE Summary by Campus
- 2c. Unofficial FTSE Summary by Gender
- 2d. Unofficial FTSE Summary by Race/Ethnicity
- 2e. Unofficial FTSE Summary by Instructional Method

## General Notes for Tables:

- 1. Totals are unduplicated for all tables.
- 2. This report uses the end of term snapshot, also referred to as the “99th day”, is when the grades are finalized and frozen, which occurs 29 days after the semester ends. The 99th day data includes those students who withdraw after the add/drop period.

**Notes:**

1. Counts are unduplicated for each modality.
2. The *Other Modalities* category includes *Self-Paced Independent*, *Self-Paced In Person*, and *Unknown*.
3. Definitions of modalities:
  - 3.1. *Hybrid*: Students receive instruction online and in the classroom with reduced time.
  - 3.2. *In Person*: Students are required to attend lecture and/or lab on specified days and times.
  - 3.3. *Online*: Students complete class activities online and may have flexible meeting times.
  - 3.4. *Virtual*: Students attend live online meetings on specified days and times and complete additional work independently.
  - 3.5. *Other Modalities*
    - 3.5.1. *Self-Paced In Person*: Students work on-campus each week at their own pace, in the room defined in the class schedule, with faculty guidance.
    - 3.5.2. *Self-Paced Independent*: Students work off campus at their own pace, with study materials prepared by college faculty.

The greatest changes in enrollment for instructional methods were the increases In Person (+16.93%, 9,558 enrollment) modalities, while Hybrid decreased by 10.52% (1570 enrollment).
